PERSONAL PROJECTS

https://mr-aqib.github.io/rock-paper-scissor-Game-Js/ ⧉
- This interactive Rock-Paper-Scissors game uses JavaScript to pit you against the computer. Choose your move with buttons, and the game will instantly determine the winner – you, the computer, or a tie – based on a random computer selection. Enjoy the quick challenge with a user-friendly interface!

https://mr-aqib.github.io/BootStrap-Responsive-Website/ ⧉
- This is a responsive well-designed site. Created using HTML, CSS and Responsive Bootstrap for Professional Look and uses JavaScript for different eye-catching animation. The layout is clean and professional, with a modern aesthetic.

https://mr-aqib.github.io/Music_Website-Responsive/ ⧉
- This website is a vibrant fusion of creativity and technology crafted using HTML, CSS, and JavaScript. With dynamic animations and sleek responsive design ensures that every animation, every detail, is perfectly tailored to your screen size.
